

I wish to voice my concern about the telephine privacy act. I reside in Indiana and the telephone privacy act has worked very well. I would be upset if any changes would lessen the current act. I work 50 hour per week plus travel time. My wife and I have an 10 month baby, so at the end of the day the last thing I want is a telemarketer calling to sell me something. Since we signed up on the Indiana no call list it has worked very well.

Thank you for your time.
